

Who we are

Meaghen McCord
Managing Director, SASC
(MSc., Fisheries Science)

Charlene Da Silva
Director
(MSc., Fisheries Science)

Dr. Leonard Compagno
Director
(PhD., Biological Science)

Steve Smuts
Capacity Development
Officer

We are a dedicated group of scientists, fishermen & conservationists with over 45 years of experience in conservation and fisheries science

For too long, conservation efforts have focused single-mindedly on an eco-centric approach.

At SASC we aspire to reconcile human needs with those of the environment, promoting a holistic approach to conservation.

By encouraging the sustainable use of marine resources, we can help ensure the unique life in the Oceans is conserved for generations to come.

Become a member of SASC & actively contribute to the conservation of marine resources!

Membership types include:

- Individual membership
- Family membership
- Club membership
- Champion membership
- Corporate membership

promoting the conservation & sustainable utilisation of marine resources

MEMBERSHIP TYPES

Individual, Family & Club Member benefits

By becoming an Individual, Family or Club Member of SASC you will receive a quarterly newsletter updating you on our research & outreach activities and invitations to attend workshops and seminars at the SASC facility given by SASC or our partners.

Cost (per annum):

Individual Membership (200ZAR)

Family Membership (300ZAR)

Club Membership (650ZAR)

Champion Member benefits

By becoming a Champion Member of SASC you will receive a quarterly newsletter updating you on our research & outreach activities, invitations to attend workshops and seminars at the SASC facility and the opportunity to assist with our projects both in and out of the field.

Cost (per annum): 1500ZAR

Corporate Member benefits

Corporate Members receive all the benefits of a Champion Member plus the additional benefits of advertising in all SASC newsletters, on the SASC website and in our information brochures.

Cost (per annum): 5000ZAR

MEMBER CONTRIBUTIONS

Member contributions are the key to our long-term success. As a non-profit organization we have an obligation to our Members to ensure SASC continues to meet our operational aims & objectives. A vital component of this includes transparency & accountability to all those who support us.

Support SASC & help us make sound recommendations on the conservation & management of South Africa's marine resources.
